MODULE-1

PERSONAL INFORMATION

BRIEFLY INTRODUCE YOURSELF

- My name is Pratik Parmar.

- My Hometown is Rajkot.

- I Studied in BE Mechanical from Marwadi University.

- After done my study I started my first job in Balaji Multiflex pvt. Ltd. As supervisor. Which is located in Rajkot.

- After two years I leave that job some personal issues and some physical injuries.

- After leave that job I was searching about IT field and my friends also suggested me for start career in IT filed.

- One day I was go at tops technologies and they suggested me, you have to start learning about Frontend Development.

- That day I got admission in Tops technologies and I started to learn about Frontend Developing.

MENTION KEY PERSONALITY TRAITS

- I have positive attitude and I have sincere personality.
- I have good concentrator which helps me stay focused while I am doing work.
- I am very punctual person ,I done my all work on time.

EXPLAIN YOUR INTEREST IN TECHNOLOGY AND WHY YOU CHOSE THIS CAREER PATH.

- I am interested in designing and developing and I also like to do creative work and I feel excited about designing.

- I am interested in designing that's why I started my career in IT field(Frontend).

- I chose IT field because IT filed growth is very good and Our personality growth is also good in atmosphere of IT filed.

- IT filed gives us value about our work and talent.

- So, these are the reasons behind I chose IT filed for my best career.

THANK YOU
